

About Brey-Krause Manufacturing Co.

Located in Bethlehem, PA

Brey-Krause manufactures a comprehensive line of commercial washroom accessories that are **100% made in the USA**. Since 1909, Brey-Krause has maintained a reputation for producing quality products at competitive prices in a timely manner. As we celebrate **our 100th Anniversary**, Brey-Krause continues its tradition of manufacturing excellence.

Innovative engineering is a hallmark of Brey-Krause products, from cost-effective product enhancements to installation improvements. Our engineers will assist in the design, development and production of special and custom products. The 68,000 square foot manufacturing facility is equipped with a full range of state-of-the-art fabrication equipment. Brey-Krause has the manufacturing expertise and flexibility to resolve problems and satisfy customer needs.

Skilled customer service representatives provide expert advice and product information for all of your project needs. Product samples, technical data sheets, and prompt price quotes are available upon request.
